Masters Erg Series Changes

With high interest expected for the 2010 FISA World Masters in St. Catherines this coming summer, the Saskatchewan Rowing Association, in partnership with the Saskatoon Rowing Club and Regina Rowing Club, are eager to see maximum participation in the 2009/10 Erg Series. In order to facilitate this, the following changes have been made to the distance of the Erg Series events:

February 6 – Prairie Indoor Rowing Championships

(Regina) – 2000m

March 20 – 1000m

May 8 – 1000m

Participation in the erg series is FREE, however there will be a small cost associated with the Prairie Indoor Rowing Championships. If masters athletes would like a t-shirt/water bottle for their participation, they can register at <http://www.saskrowing.ca> for a cost \$30.

The window for each erg test starts seven days before the date and closes by the following Wednesday. Please send your time AND the name of a witness to saskrowing@sasktel.net.
